TENDERED TO

MR. THOMAS CHEW

IN HONOR OF HIS FORTY
YEARS WORK AT THE

Boys' Club of Fall River

TUESDAY, FEB. 25, 1930

Gathered, as we are, in the spacious halls of the Fall River Boys' Club, a splendidly-equipped building erected many years ago to give full vent to the plain, homely efforts of Thomas Chew to save the boy from the street corner gang and to point him in the right direction that he must follow to make of him an ambitious, athletic, red-blooded man;

Reminiscent, as some of us are, of the pitfalls that Thomas Chew has encountered and the handicaps that he overcame in his conquest of the boy, with that smooth and unctuous, yet forceful and optimistic spirit that ever possessed him, he had the pleasure of seeing hundreds, yea thousands of his once youthful charges grow into virile manhood and fit themselves for the occupancy of positions of note and responsibility in the service of the City, County and Commonwealth;

Appreciating, too, that we of this humble section of Fall River's social endeavorers have had for a long time the benefit of Thomas Chew's forty years of action and activity in his chosen line of work in our community, our close affiliation with him as a fellow-member, the respectful manner in which we have always looked up to him as a leader in every good cause, may we suggest that it be now

RESOLVED, THAT the Fall River Social Workers' Club takes this happy occasion to add its tribute to those already paid Thomas Chew by other and diverse elements in the City on the occasion of his having passed the fortieth anniversary of his service to the Boys' Club, and still carrying on; that we rejoice that a man of the common people should so conduct himself and add to his own prestige and that of the City that the name of the Fall River Boys' Club, like Abou Ben Adhem of history, leads all the rest in these glorious United States; that in the contemplated tour of the other side of the ocean by Thomas Chew and his devoted helpmate we wish them bon voyage, a happy trip abroad, a safe return home and many more years of mental and physical labor for the welfare of the boys of the city which he and we all love so well.
